

“WHAT’S UP AT BPS”

Get Ready for Fire Season

Last Fire season was devastating towards Australian communities, as it burnt down many buildings' houses and towns. So, it is very important that we are ready for the upcoming fire season. 2020/2021's fire season starts in October and goes through till May.

Strategies for Being Safe

1. Make sure you have an escape route from your house and town in case a fire does start near you
2. Cut long grass and clean your gutters from leaves to prevent grass fires starting on your property.
3. Have a fire extinguisher in case a fire starts in your house or at school
4. REMEMBER - Stop, Drop and Roll, smoke rises upwards, so it is safer to get down low
5. ALSO REMEMBER - Fuel and Oxygen is what a fire needs to burn, it doesn't start by itself

Who to call when There's a Fire

Call 000. They are there for when you need help. Tell them there's a fire and where it is, but never prank call them as you could get in serious trouble. If you want to know more, find me in the playground or ask an adult you trust.

Ethan P

The Ice Hotel

The Ice Hotel in Finland is truly a masterpiece. It costs \$10,000 per night and is made completely from ice and snow. Its hand crafted and is made from scratch every year. It has an ice bar, an ice chapel, an ice restaurant, and many other utilities. Construction begins every year around October to November.

Riddle: What room do ghosts avoid?

Video Game Review

Among Us

Among Us is a 2D video game where you play as little characters in various different colours. There are up to three Imposters in one game, an Imposter has to do fake tasks and capture the crewmates. While the crewmates try to work out who the imposter or imposters are, they have to try to complete tasks and if all the crewmates manage to complete all of the tasks, the crewmates win, and the imposters lose. Once an imposter has caught someone they have the option to either self-report the body or go into one of the vents which would be in the room that you are in. If you want to play Among Us you can get it for free on your Tablet or Phone, but if you want to play it on computer you can spend \$7 for it on steam.

Riddle Answer: The Living Room!

Interview With Mrs Krull

So, by now most people know that Mrs Krull is going to be going on maternity leave, so we decided to interview her while we still had the chance.

Mrs Krull loves swimming, netball and cooking. Although she has only just taken up cooking, so she is not very good at cooking yet. Her favourite subjects to teach are science and PE.

Mrs Krull is on class 4B. 4B is a joint class and guess who Mrs Krull works with... You guessed it Mrs Bolger! Working on a split class could be hard but according to what she said... "It's Amazing because of two things, Mrs Bolger and 4B. 4B makes it easy and Mrs Bolger and I have worked together before". When Mrs Krull isn't teaching on Monday, Tuesday and Wednesday she's looking after her "beautiful" daughter Eloise.

On the subject of children Mrs Krull is as you already know going on maternity leave, which she feels sad about because she can't finish the year with 4B... but you know also incredibly excited for her family and everything that is to come!

And to sum it all up... Bluey, the TV show. Bluey is about a family of cattle dogs who have barbecues and play lots of silly games. We asked Mrs Krull what her favourite character is because it is her daughters favourite show. She said Bandit, the dad was her favourite and it wouldn't be the same without him.
