## Leadership Team 2021

Leaders. When it comes to that word lots of different people think of different things. Some think of the one you go to, when you're feeling upset, or uneasy. Some think of a leader as the main icon of the school. But I think a leader is the person who helps make decisions about what the school should do, by thinking and planning.

Now, next year's leaders, do we think that they're ready?

The speeches were a little different this year, because we did them on Zoom, (Thanks Miss Westwood!) Some think it was an unfair vote. But the voters who knew the kids who did the speeches, chose wisely.

### **The Characteristics of a Good leaders**

A true leader, should always know what to do when there's a decision to be made. For example, if they needed to choose between the school and themselves, a good leader would always choose the school. School Leaders should always be kind to the other children and show other kids in the school how to behave.

Leaders should always put their best effort into whatever task they are needed for and sometimes have to work extra hard to make sure that the best is achieved for everyone

Because making speeches is a really important part of being a school leader, they would need to be good at speaking clearly and communicating.

### **What do we want our leaders to achieve?**

Whoever our school leaders are, we want them to lead in a way that makes a difference to our school and to make the school a better place. We want our student leaders to represent the needs of the students to all the teachers. We also need our leaders to represent our school in a way that makes us all proud to be students at Berowra Public School.

## Remembrance Day

On the 11th of November at 11:00 a peace treaty was signed that ended WW1. To this day on the 11th of the 11th we gather together for a special assembly up at the hall. There, we pay our respects to those who fought and died in the war. We then play the last post and have a minute's silence. This is important not only for our school but for the whole world as it is the day we remember those who gave their lives for us. Without these people we would be living in a very different country.

A few symbols of the people who gave their lives are the rising sun and the Poppy. The reason the poppy is important is because that on the abandoned battlefield poppies started to grow.

## Book Report

The World's Worst Teachers

The World's Worst Teacher's is a funny book by David Walliams. And you guessed it, it's all about the fictitious terrible teachers. It's got teachers in it that hate spheres, to teachers that are madly in love.

You can get this book from the school library, the local Berowra Library and all good bookstores.

I highly recommend this book to all of you fellow readers who like a good laugh. If I had to rate this book I would give it Five out of Five stars.
