Hi Grade 2,

My name is Ava Harrison and I am Harrys Spencer's cousin. I am 7 years old and live with my mum, Adam and 2 sisters (Emily 2 and Olivia 8 weeks). Recently Flat Stanley came to visit me in Hobart, Tasmania. Tasmania is an Island at the very bottom of Australia. The only way to get to Tasmania is by plane or by boat.

During Flat Stanley's visit to Hobart it was so cold that it snowed in the city. I decided to take Flat Stanley for a visit to the snow. He got pretty cold so we didn't stay very long and went home and had hot chocolate to warm ourselves up.

I also took Flat Stanley for a visit to my school. I go to a school called St Marys College. He had lots of fun playing with my friends and I and even took part in our PE class. We taught him how to do flips on the monkey bars.

After school on Wednesdays my Nana picks me up and we catch a bus to her house. Flat Stanly came along for a ride on the bus. He had a great time at my nanas house and even helped us do some craft.

While he was staying with me he became good friends with my cats Nala and Charlie. Nala is a Bengal Cat and has lots of spots like a leopard and Charlie is big fluffy and black. I think Nala and Charlie will miss Flat Stanly a lot.

Flat Stanley has been a great help with my little sister Olivia. He helps to keep her entertained while Mum cooks dinner.

Thank you for letting Flat Stanley visit me in Hobart. I will miss him a lot.
